

BREAKFAST WITH PAPERS

Hosted by Tom Wright

TODAY'S PANEL – Monday 11 March

Dr Jodie Rummer

Jodie is an Associate Professor at the Australian Research Council Centre of Excellence for Coral Reef Studies at the James Cook University. Jodie received the UNESCO-L'Oreal Women in Science Fellowship for Australia and New Zealand and was named one of Australia's top 5 scientists under 40 by the ABC and Radio National. Her research combines marine biology and physiology addressing issues important to conservation.

Jodie is presented in partnership with WOMADelaide's Planet Talks forum.

Katrina Sedgwick

Katrina is the Director/CEO of the Australian Centre for the Moving Image (ACMI) where she has established ACMI X, the first co-working space and accelerator in an Australian museum, due to open in 2020.

Penny Debelle

Penny is the film and magazine writer for The Advertiser.
